

Dear Sir:

I respectfully request that you REJECT NAB's petition 04-160. XM Satellite radio is product that I support and pay monthly for. They are providing service and quality products. Just recently Gurnee had a flood. Only XM provided instant weather and traffic. Other radio stations you had to wait for a certain time in the hour to get traffic and weather.

When I drive into Chicago we rely on XM to let us know what route to take. Local radio does not provide that service.

Thank you for the opportunity to comment.
